

2.0" STAGE 1 Complete Shocks Kits for select Side-by-Side Vehicles (UTV)

Kit includes **all 4 shocks** featuring:

- Vehicle-specific calibration, with custom spring setup for the driver's weight
- Adjustable spring preload
- 46mm (2.0") lightweight shocks with aluminium body

Key benefits:

- Most accessible complete replacement shock upgrade on the market
- Gives a second life to UTVs that are older or have worn-out shocks
- Great improvement in comfort and performance vs. stock OE shocks
- Provides increased stability, more traction and better absorption
- Get a smoother, more compliant ride over any type of terrain

Only \$1,199.99 /kit (USD)
